Meter Reading

Gas and Water Meters are read during the last week of each month by a municipal employee. The Municipality always requires safe walking access to the meters. The gas tariff and water bylaw both have fees that apply if access to the meters requires removal of snow or other materials. Homeowners should locate both their gas meter and water reader touchpad prior to snowfall to know which area they are required to maintain access to.

If the Municipality deems your property meters are not safe to access for the employees, the Homeowner will be requested to provide the monthly meter read until the meter is safe to access once again. If the requested read is not provided, the read will be estimated for that month based on prior usage.
